

DUMINDU AKHILA LIYANAARACHCHI

Information Technology Undergraduate | Full-Stack Developer | Software Engineer

CONTACT INFORMATION

Phone: +94 70 409 7264 | +94 77 271 2630

Email: duminduliyanaarachchiofficial@gmail.com

Location: Pethangoda, Kannaththota, Sri Lanka

LinkedIn: <https://www.linkedin.com/in/dumindu-liyanaarachchi-bb8911385>

PROFESSIONAL OBJECTIVE

Highly motivated and detail-oriented Information Technology undergraduate seeking an IT internship to apply and further develop skills in software development, web technologies, mobile application development, quality assurance, and business analysis. Strong foundational knowledge in programming, full-stack development, database management, UI/UX engineering, and system analysis, supported by hands-on academic projects. Excellent problem-solving abilities, teamwork, adaptability, and commitment to continuous learning in fast-paced, technology-driven environments.

EDUCATION

Bachelor of Science (Honours) in Information Technology

Sri Lanka Institute of Information Technology (SLIIT), Malabe, Sri Lanka

October 2023 - Present | Current Status: 2nd Year Undergraduate

General Certificate of Education - Advanced Level Examination

Ruwanwella Royal College, Ruwanwella, Kegalle, Sri Lanka | 2022 - Successfully Completed

General Certificate of Education - Ordinary Level Examination

Ruwanwella Royal College, Ruwanwella, Kegalle, Sri Lanka | 2019 - Successfully Completed

TECHNICAL SKILLS

Programming Languages and Frameworks

C, C++, Java, Python, HTML5, CSS3, JavaScript, PHP, SQL, MERN Stack (MongoDB, Express.js, React.js, Node.js), React Native, Kotlin, Spring Boot

Software Development and Engineering

Full-Stack Web Development, Object-Oriented Programming (OOP), Database Design and Management, Software Debugging and Testing, Version Control (Git, GitHub Actions), Responsive Web Design, API Development, REST API, Real-time Applications, Role-Based Access Control

UI/UX Design Tools

Figma (UI/UX Design, Prototyping), Mockflow, Draw.io, User-Centered Design, Mobile Usability

Development Tools and IDEs

Visual Studio Code, Eclipse, Android Studio, Dev C++, PyCharm, MySQL, Cursor, ClickUp

Professional and Soft Skills

Analytical Thinking, Problem Solving, Team Collaboration, Agile Mindset, Technical Documentation, Requirement Analysis, Process Mapping, Time Management, Task Prioritization, Adaptability, Willingness to Learn, Project Management

PROFESSIONAL PROJECT EXPERIENCE

Smart Campus Operations Hub - Smart Campus

2026 | Technologies: Spring Boot, React.js, GitHub Actions, REST API

Developed a university operations platform for asset booking and maintenance incidents management

Implemented role-based access controls and comprehensive auditability features

Integrated GitHub Actions for continuous integration and deployment workflows

SLIIT GO - PickMe/Uber Style Ride-Sharing Application

2026 | Technologies: React Native, Mobile Development, Role-Based Access, Real-time Matching

Built a campus ride-sharing application with real-time ride matching and dynamic bidding flow

Implemented role-based access control for different user types (drivers, passengers, admin)

Designed and developed real-time features for efficient ride matching and booking management

ACADEMIC PROJECT EXPERIENCE

Online Medical Center Management System - MediCura

2025 | Technology: MERN Stack (MongoDB, Express.js, React.js, Node.js)

Designed and developed a full-stack web application for managing medical appointments and patient information

Implemented user authentication, data validation, and responsive UI components

Integrated backend APIs with MongoDB for efficient data handling

Travelling and Camping Places Mobile App - Trailstay

2025 | Technologies: Figma (UI/UX Engineering), Android Studio

Designed intuitive UI/UX prototypes using Figma with focus on user-centered design principles

Developed mobile application interfaces with visually consistent layouts optimized for mobile usability

Created comprehensive UI/UX documentation and design guidelines

Online Bus Ticket Reservation System - TicketiLanka

Technology: Java | Academic Level: 2nd Year, 1st Semester

Developed a ticket booking system with seat selection and schedule management features

Applied object-oriented programming principles for modular and maintainable code

Focused on usability, accuracy, and system reliability

Habit Tracker Mobile Application - WellnessTracker

Technology: Android Studio, Kotlin | Academic Level: 2nd Year, 2nd Semester

Developed a habit-tracking mobile app with data persistence features

Implemented logic for tracking user progress and daily routines with progress analytics

Focused on performance optimization and clean, intuitive UI design

CERTIFICATIONS AND PROFESSIONAL DEVELOPMENT

AI/ML Engineer – Stage 1

SLIIT Centre for Open and Distance Education | 2026 | ID: uku5wxedho

Machine learning fundamentals, data preprocessing, and model evaluation techniques

AI/ML Engineer – Stage 2

SLIIT Centre for Open and Distance Education | 2026 | ID: raiy89pigk

Advanced AI/ML engineering concepts building on Stage 1 foundations

Full-Stack Web Development Certificate

Professional Course | 2026 (2 Months Duration)

Modern full-stack development covering frontend frameworks, backend APIs, and deployment strategies

MongoDB Data Modeling Path

MongoDB University | 2026

Schema design, data relationships, indexing strategies, and database best practices

Introduction to Project Management

ClickUp Course | 2026

Task management, team collaboration, productivity workflows, and project coordination

Search Engine Optimization (SEO)

Squarespace Course | 2026

SEO fundamentals, website optimization techniques, and digital visibility strategies

Preparation for Job Interviews

Professional Development | 2026

Interview strategies, communication skills, and career readiness preparation

Certificate Course in Graphic Design

Divisional Education Office, Ruwanwella, Sri Lanka | 2023 - Successfully Completed

Certificate Course in Office Applications

Divisional Education Office, Ruwanwella, Sri Lanka | 2023 - Successfully Completed

Certificate Course in English

Oxford English School, Ruwanwella, Sri Lanka | 2023 - Successfully Completed

PERSONAL DETAILS

Date of Birth: June 22, 2003

Gender: Male

Nationality: Sri Lankan

Languages: Sinhala (Native), English (Professional Proficiency)

ADDITIONAL INFORMATION

Strong interest in software engineering, system analysis, emerging technologies, and AI/ML applications. Actively improving skills through academic projects, professional courses, and self-learning. Open to internships in software development, QA testing, web development, mobile app development, full-stack development, and business analysis.
